Thank you.

That is very good news.

Sincerely,

Cheryl Burdett

**Subject:** FW: 2018 CSD Field Sampling Plan

CSD Sampling Team:

Attached is the old field sampling plan that was sent out on Friday. After reviewing it and others providing comments, I realize that I did not include all the procedures for Phylochip and qPCR, such as, who was responsible for verifying holding times, procedures, and analyses of the samples after the samples were taken. Also, some of the locations on the Field Plan were changed. I plan to send out a revised version of the plan to include, Aaron Jastrow as the person

analyzing the Phylochips and verifying holding times and procedures were followed when sampling and preserving the samples for Phylochips and qPCR samples. Also, add the additional locations and changes to the sampling locations.

Sincerely,

Cheryl Burdett
